50X1-HUM

The official stamps used by the East German State Security Service carry a specific number.<sup>1</sup>

no system has been determined as yet. It appears that specific number series were assigned by the then Ministry of State Security to the SSD land headquarters in Mecklenburg, Brandenburg, Saxony, Saxony-Anhalt and Thuringia, and the SSD headquarters in East Berlin for use on their stamps. The SSD Kreis headquarters established in August 1952 after the execution of an administrative reform in East Germany have probably been given numbers for their official stamps which do not fit in the previous numbering system.<sup>2</sup>
